KEITH W. COOLEY  
DIRECTOR

## STATE BOUNDARY COMMISSION

### DOCKET ASSIGNMENT PROCEDURES

**Docket numbers** assigned to each petition consist of three parts.

1. A 2-digit number indicating the calendar year when the petition was filed with the Commission.
2. One or two letters indicating the types of petition that was filed (I = incorporation of a city or village; C = consolidation of municipalities; AP = annexation petitioned by property owners or registered voters in the proposed annexation area; AR = annexation petitioned by city resolution).
3. A sequence of numbers indicating how many petitions of that type have been filed in that calendar year.

Therefore, Docket #06-AP-7 refers to the seventh petition by property owner or voters filed with the Commission in 2006; while Docket #06-I-4 refers to the fourth petition to incorporate a city or village filed with the Commissioner during 2006.
